- at RSL Vic State Branch Conference 4-5 July 2017 remit to support promotion of General Sir John Monash failed by vote of Sub- Branches though previously support was passed.
- WA State Branch Sub- Branches also failed to support despite support from Executive.

\*\*\*\*\*Both outcomes primarily influenced by a strong protest vote regarding unsatisfactory resolution of issues relating to the continuing feeling of insufficient support for Veterans suffering from PTSD and the resultant suicides.

The Saluting Monash Council argues that the two issues are unrelated however the reality is that the disaffected do link the two.

Some Sub- Branches have withheld support on the misunderstanding that State Branch opposition was a directive.
